- Climbing minimum in pairs.
- Supervised by an adult from the ground.
- In special group programs children are accompanied by a skilled trainer. (no supervising by an adult necessary).

Have you or any of your children been diagnosed with any of the following symptoms recently?

Please tick where applicable and briefly explain below:

 heart trouble

 asthma, epilepsy

 trouble with your back

 Are emergency medications carried?

 Any other physical or mental restriction leading to a higher risk for your own health or of any other person. If you are not sure you can undertake the climbing adventure, please seek advice from your doctor!

I agree that the Kletterwald Haltern (TreeEmotion GbR) archives this information for a maximum of 36 months and then properly destroy it. Further use of the data (for example for third parties) does not take place.
